

Congratulations Marcos Bostho
2015 Elgin Hispanic Network Member of the Year
in Recognition of Outstanding Service and
Dedication to the Hispanic Community

Nomination:

Marcos is an inspiring individual who always works towards the betterment of his community. Whether it is during business hours or on his down time, Marcos always puts his best foot forward to strengthen Open Door's mission and support its staff.

Marcos' commitment to the community takes him to after business hour community events, where he administers testing and conducts other outreach related services. When looking at HIV statistics (Hispanics account for an estimated 23% of the estimated 48,145 newly HIV diagnosis and 21% of the estimated 1.2 million people living with HIV are Hispanic) we can grasp the importance of what Marcos does and how integral he is to Open Door's mission and in stopping the spread of HIV within our community.

Marcos is a selfless individual who always puts forth his best with no expectations and therefore I believe for these reasons and more, he is a great candidate for this year's outstanding commitment to the mission of the Elgin Hispanic Network award.
